INTERIOR & PAINT INFORMATION & CAPABILITIES

INTERIOR CAPABILITIES

Duncan Aviation is a leader for interior refurbishments on Challengers. Our interiors are the culmination of experience, creativity and the leading-edge technology Duncan Aviation team members utilize when completing interiors. Our team members can update the design of your Challenger interior to add value, functionality and a renewed comfort level that truly must be experienced to be appreciated.

Duncan Aviation offers hydrographic solutions. Hydrographics create the ability to replicate a variety of textures and designs to an aircraft interior while providing a lightweight, durable finish at an incredible value compared to genuine materials like leather, stone, or wood veneer.

Duncan Aviation offers a state-of-the-art CNC machine that allows the upholstery team to create perforation, multi-color sewing, and multi-color embroidery on aircraft seats and panels.

INTERIOR OFFERINGS

- S-curve galley cabinet

PAINT

Duncan Aviation is famous for its high-quality paint job on Challengers. This reputation has been earned over the years by consistently delivering high quality, long-lasting paint jobs and by the unmatched attention to detail and innovative paint processes we perform.

In addition to unmatched quality, Duncan Aviation also offers the shortest downtime in the industry.

Duncan Aviation is experienced with painting all models of Challengers; from the Challenger 300 through the Challenger 600 Series. For each paint project, our teams complete a detailed six-page paint debrief that outlines all the details necessary to ensure the paint job is completed to the customer's exact specifications and will last for years to come.

PAINT CAPABILITIES

- Three-year warranty
- High solids primers and paint
- Highly refined application process
- A professional designer will work with you through every phase of the project
- State-of-the-art paint booths reduce rework and produce a very high-quality product
- Environmentally friendly paint and strip hangars accommodate all models
- Experience painting private and corporate aircraft since 1979
- Paint detail team details your aircraft prior to delivery
